SpectorDance is delighted to offer dancers of all ages the opportunity to perform in “*The Lorax*” a ballet inspired by Dr. Seuss's beloved book by the same title written in 1970, long before "going green" was mainstream. “*The Lorax*” warns of the dangers of not caring for the environment. In this charming tale, we meet the *Once-ler*, who discovers a valley of *Truffula Trees* and *Brown Bar-ba-loots* "frisking about in their Bar-ba-loot suits as they played in the shade and ate Truffula Fruits." We learn how the *Once-ler* and his family change the landscape. We also meet *the Lorax* who teaches us to protect the forest for future generations.
