Please write an essay stating why you study dance (or why you want your child to study dance), and why you are requesting a scholarship. Include something about your background in dance or in other important areas of your life. Explain your best qualities that might contribute to your study of dance. Please mention areas you might like to improve. What are your goals and dreams? You may approach these questions in your own way.

Please submit your application to Amy Byington, School Director, at schooldirector@spectordance.org . Acceptance letters will be sent out and Scholarships can be used between September 2020 through December 2020 (Fall 2020 term). Dancers can reapply for scholarship support for spring and summer training. Please know that a SpectorDance Scholarship is a privilege and a responsibility!
